Minnesota and Wisconsin in Track of a Destructive

Tornado.

MUCH DAMAGE IS REPORTED

One Death and Large Destruction of Property Results From Wind and Rain.

Minneapolis, June 28, "With all the accompanying phenomena of a tornado except the funnel-shaped cloud a heavy electrical and rain storm swept over this city at 4 o'clock this afternoon, resulting in the death of one person and the serious injury of two others, besides doing immense damage to property in the twin cities. The dead:

The minred:

Dell Eck, shocked by a live wire. Mrs. Morey, leg broken and shoulder

The Home hundry where Mrs. Morey was injured was totally wrecked. The vice presidency, but also from the board storm leveled part of the ennyas of a Wild West show and several people were severely injured. Hundreds of window lights were broken throughout the business district.

A grain elevator in the course of construction in southeast Minneapolis was Expansive Murder Trial in Alaska-Bring titled from the foundation and collapsed like a shell. Workmen barely escaped,

A special from West Superior says the storm assumed nearly the proportions of a cloudburst there and great damage was done.

IMMENSE DAMAGE REPORTED. St. Paul, Minn., June 28,-Henvy storms with more or less damage are reported all over this section this afternoon and the loss will run up into the Fred Clayson and Lawrence Oleson on thousands while a number of persons have been injured and many head or had been found guilty of murder in the

ed through a large district south of the trial are estimated at \$100,000. New Richmond, Wis. It was a genuine tornado and did much damage to farm property, although fortunately no lives were lost. On a smaller scale it resembled the ternade which swept over and away by the wind while flood damage ledged by Li Hung Chang. elsewhere is reported. TORNADO AT LACROSSE. LaCro se, Wis, June 28 A tornudo, by lightning.

MUD STORM.

New Richmond, Wis , June 28 - A very table mud storm passed over this seetion late this afternoon. The storm cause from the west in threatening tashion, but went to the north and south of the city, doing much damage to the growing crops, trees and outbuildings, There was a tremendous downpour or rain and hal. The wind seemed to carty mad which plastered over everytimes. Sumerous reports have been reecicud of loss of live stock,

SMALL TORNADO. Montivideo, Mom., June 28, -A small turneds swept down on the farm of G. Jung, twelve onless north, this afternoon, so badly injuring a bired mun that hi recovery is doubtful. Jung and wife and and her four children were enting a sufficient to manatain order. pieme luncheon. George Young, aged six, (was instantly killed, and Norman, a younger brother, was rendered unconscious and will probably the, Mrs. Young and her Sycar-old daughter and infant were severely shocked.

WHY NOT FIERCE? Ann Arbor, Mich., June 28,-A feroclous electrical storm with wind, rain and hall accompaniments passed over this city late to-day doing much flourage. Several houses were struck by lightning. The court house tower was demolished and the roof blown from the gas company's building. Lightning also struck a crowded street oar, causing a arrested today. this morning.

MARQUAND & CO. FAIL New York Firm That Caused Bank Trouble

Breaks--tleath Gusted.

New York, June 28 .-- The failure of Henry Marquand & Co. is announced on the stock exchange to-day, The firm has made an assignment

without preference to Frank Sullivan IT CREATES GOOD FEELING Smith.

No statement of assets and liabilities has been given out.

The failure was without appreciable effect on the stock market and creates no exchement.

The manager of the clearing house said that all banks gleared as usual today and that no further amounty is anticipated in banking circles. DROP HEATH.

Seventh National of New York was also vice president of the Miami Valley National and acting president.

A meeting was called and a reorganization of the bank effected whereby Hesta was not only ousted from the of directors.

F. W. Whittaker, a former president of the bank, was elected president.

While some of the members of the Decatur ball team got credit for playing better ball than Joanny McIllyaine none of them can compare with him when it comes to saying funny things or writing machine poetry. Mae shook the dust of Decatut from his feet Friday and as Charles Reddick accompanied him to the depot Mac himmed several little snatches of verse as follows:

D stands for Decatur who couldn't win a game. And not knowing what else to do canned

McIllvaine. Then he bunded out this one:

The above stamps Mac as a genius and live positious.

had his literary attainments been known it would not have been necessary for bly better fitted for literary work than attract attention from the grand stand. playing base ball for the amusement of the multitude. The rude jest of the rooters grated on his sensitive nature and home in Omaha. He certainly can't kick heavy truffic. Light carriage driving wonder that the weather did not get hot enough to loosen his joints and make him a winning pitcher. Mac's poetic talent has won for him the kind regards of all poetic natures and they would gludly see the mercury sizzle in the top of the thermometer if it would have ! It is the old story of not being able made him a winner.

ANOTHER NEW ONE. The lans sheald rejoice for the team | The Decatur team has played good Louis Martin and Miss Cozy Lowe Go to

MILLIONS TO HEIRS

Amount of Life Insurance Money Paid Out During 1900.

More Than \$273,590,676 Were Distrib. uted in More Than 6,200 Cities and Towns of the United Stutes and Canada.

An insurance publication in a recent issue publishes statistics which it has compiled from returns made to it by life insurance companies showing the amounts distributed through the medium of life insurance in the year 1900 in more than 6,200 cities and towns of the United States and Canada. The gross payments of insurance companies and associations in that period are stated to have been not less than \$273,590,876. It appears by the tables that 167 cities received more than \$100, 000 each. Nineteen cities received more than \$1,000,000, viz:

New York, \$18,238,764; Philadelphia, \$7,735,268; Brooklyn, \$5,816,672; Chicago. \$5,750,750; Boston, \$5.079.671; Bultimore, \$3,596,075; Cincinnati, \$3,377,120; St. Louis, \$2,816,092; Pittsburgh, \$2,-179,807; San Francisco, \$1,960,322; Buffalo, \$1,655,605; Cleveland, \$1,652,722; Detroit, \$1,650,424; New Orleans, \$1. 505,512; Montreal, \$1,447,445; Newark. N. J., \$1,363,363; Washington, \$1,360,-530; Toronto, \$1,076,652; Providence 61.044.845.

More than \$76,200,000 was distributed in the middle states last year, a consideruble gain over the record of 1899; in the central states the distribution amounted to \$36,300,000, a gain of nearly \$3,000,000 over the preceding year; in the New England states, \$25,900,000 was paid out, something more than in 1899; in the southern states the payments reached \$20,500,000, or \$1,000,000 more than in 1899; the policyholders and their beneficiaries in the western states received \$15,400,000, about \$1,-400,000 more than in 1899; in the Pasific states the payments were \$7,300, 000, approximately equivalent to the payments in 1899.

HARD FIGHT WITH EAGLE.

Attache of Lincoln Park mi Chicago Is Injured by a Powerful Bird He Is Trying to Secure,

C. W. McCurren, head animal-keeper at Lincoln park, Chicago, was severely njured in a fight with an eagle the other day. Edwin Franklin Brown, of Evanston, has long kept a pair of golden eagles in a private aviary. They the exports of Canadian manufackind and Mr. Brown presented them to Lincoln park. Mr. McCurren went to Evanston to fetch them to Lincoln park. He entered the big cage, captured the female eagle and handed it to an assistant on the outside. When 430,520. he turned to catch the other eagle the bird attacked him savagely.

the National museum, has just started for a two months' trip to Newfound. land to make a study of the finback whales and other cetacea of the southern coast of the British possessions. The chief object of Dr. True's trip is to secure a fine specimen of the sulphur bottom finback for the National museum. He will go directly to a great international fishery, or whalng station, and as the monsters are captured with harpoon guns and brought up on the bank-a new method of securing the blubber and whalebone-he will be able to study these wonderful animals in a way unknown

Dr. True is now the only specialist in the study of whales in this country. most students abandoning it after a little research, on account of the great difficulty under which they lapor while making their observations The old way of studying this most interesting mammal, popularly supposed to be a fish because of its environment, but which is essentially a mammal, was while it rotated partly under water during the process of removing the sperm, or blubber, and

whalebone. Now Dr. True will, for the first time ifter many years of research and study, be able to walk around one of these huge beings while stretched upon dry land and fresh from the water. The collection in the National museum is already the most imporfant in the United States, owing en tirely to the diligence of this special st, and more wonders are expected from this government trip.

TRADE OF CANADA.

Statement Issued by Customs Department Shows Rapid Increase During Last Eleven Months.

A special to the New York Journal of Commerce from Toronto, Ont., avs: The trade statement issued by the customs department for the 11 months ending May 31 last shows that the aggregate trade of the dominion increased in that time by \$11,000,000 over the corresponding period of the previous fiscal year.

The indications are that the year's figures, when they are made up, will show a grand aggregate foreign trade of nearly \$400,000,000. It is especially noted that for the past 11 months are unusually large specimens of their tured articles increased over \$2,000,000 which is an increase of about 17 per cent. The aggregate trade for the 11 months was \$335,026,996, as compared with \$323,596,476 for the same time last year, showing an increase of \$11,-There was a drop in the imports

FEW MORE PIECES

Down Yesterday,

The men who bet on the way the steeple of the First Methodist church would full and collected the drinks off Bert Meriwother in advance had a narrow escape Friday. Big chunks of it fell to the east. Had the wind continued a few moments longer the chances and on Monday a new law is in effect. are that the long-standing obligation would have had to be paid.

Whether it was the wind or lightning that played with the steeple was not determined. As in every wind storm of fall, but some big chunks came down and it was lucky that no one was hit the pieces were knocked off by lightning while others were of the opinion

There is one thing certain and that is all the pieces will some day fall to There is some hope for the quaits after the earth if the steeple is not taken down. The chances are that the whole building will come down before long as

BIG VARIETY

Markets Just Now Are at Thei Best in Fruit and Vegetables,

WATERMELONS CAME FRIDAY

Nearly All Vegetables Offered Are Fresh From the Gardens Dally-Prices Are Much Lower.

There are more good things in the market right now than there will be at any time this summer—that is there is a bigger variety. It is so big that any pocket book can be made to fit. If certain lines of high priced vegetables caunot be afforded there are others that are just as good at a low price. Just now they all have the virtue of being fresh and home grown. Some of them are so low in price that twenty cents is sufficient to insure a good dinner of two or three different kinds exclusive of the ment. Only a few vegetables are being shipped in. The most of them are taken from the garden about 4 a.m. each day and are fresh at the stores at 7 a.m. will not be required on telegrams and The variety of fruit is as great as that of vegetables.

Water melous are the newest thing. They came Friday after a long journey from Georgia and are just as inviting from an external view as they ever were but the price is high. The cheapest sells for 50 cents while the larger ones bring 60 cents. Cantelopes are also here and range in price from 10 cents each to three for 25 cents. All kinds of berries are offered.

Strawborries are now coming from the north. There are still a few home grown but they will not last but a few days longer. They sell at 121/2c a box and the dealers do not think that their finish will come within a week. Black raspberries are worth 121/2c and there may be a few red caps to-day but as to this a final decision is reached in the matthe dealers were a little uncertain. Black berries are 10 cents per quart, and blue berries, something new for to-day, sell at two boxes for 25 cents. Cherries will soon be a thing of the past. They sell at three boxes for 25 cents. Currents are 8 cents per box or two for 15 cents and gooseberries 10 cents or three for 25 cents. Peaches are 20 cents per dozen, apricots 15 cents per dozen or 60 cents a basket. Pine apples are 20 cents each, oranges 20 to 50 cents a dozen and bananas 15 to 20 cents per dozen. At the present time there is nearly every kind of fruit on sale that is handled during the course of the year,

The only thing lacking to complete a They are now offered in the Chicago the work of building. markets at 20 cents per dozen but local dealers say that the price is too high for this city and the quality is not up cevry one is a connoisseur. However, we will not have to wait much longer promised to have the first on the market

Other vegetables are quoted as fol-25 cents, others at two for 5 cents; ple plants, two bunches for five cents; for five couts; lettuce 5 cents, three for season. 10 cents or two for 5 cents according to quality: asparagus two for 5 cents; squash 5 cents each; new cabbage 5 to 10 cents per head: tountoes 10 cents per pound or 40 cents a basket; new potatoes 35 cents a pack.

Celery is still in the market at 5 cents or three bunches for 10 cents. The demand at this season is limited. The new potatoes now offered are home grown and of excellent quality.

Married in Chicago.

North Star refrigerator, are cork fined.

FLY AND MOSQUITO.

Iwo Dangerous Insects Throatening the

The more the scientists find out the harder it is for the ordinary mortal to live and keep well. plies and mosquitos formerly considered nothing more than a nulsance are now looked appon as a deadly pest. They are charged with spreading all kinds of diseases.

Walter Wyman, surgeon general of the marine hospital, has discovered that the virus of several dreaded forms of disease is spread by insects and the victims inoculated by the same means. In his report Dr. Wyman says:

"There is no longer doubt about the relation of the mosquito to malarial discases and to filariasis. According to Simonds, the plague is transmitted from the rat to the man by the fless. The infection of typhoid fever, and to a certain extent cholera, may be conveyed by flies. According to the recent work by the army commission, the mosquito plays an important role in the transmission of yellow fever. You are, therefore, directed to give particular attention to this subject, so far as it relates to the work of the service. You are directed to guard against the breeding of mosquitoes by methods now in

The importance of keeping dwelling houses clear of flies and mosquitoes may readily be seen from this. A single house by may succeed in carrying the virus of smallpox to two or three families. Flies and mosquitoes should, therefore, not only be excluded from houses, but they should be exterminated whenever possible, and all garbage and poors of stagnant water should be cleared from the neighborhood, in order that there may be no breeding places left

SIX SITES

Have Bean Offered to the Local Board of the Millikin University.

The matter of selecting a site for the Millikin university has not yet been determined. The local board has had six offered, but it may be some time before

A letter was received Friday from President Taylor saying that he would be in Lincoln on Monday and that he would come from there to this city. He may reach here Monday evening in time for the regular meeting of the local board but it may be Tuesday before he gets to the city. He will at once identify himself with the work in hand and after the coming week progress is expected to be more marked.

It is expected that the financial matters of the school will be settled up in a few days and immediately after that efforts will be directed to agreeing on full line of vegetables is reasting ears. plans for the buildings and inaugurating

Alton's Big Potato Crop.

Farmers have commenced shipping poto what is demanded in a section where tatoes from the great potato-growing country east of Alton. The first lot of potatoes was shipped to northern marfor corn, for the home gardeners have kets in two cars. The Alton has constructed long sidings at Nameoki which will be the shipping center and trains lows: Cauliflower 10 to 15 cents; pens and beans 30 cents per peck; cucumbers will be 500 cars of potatoes shipped this will be 500 cars of potatoes shipped this raddishes and onlons two bunches for 5 markets. When the early potato shiphave started, and many thousand ears lettuce 5 cents, three for 10 cents or two of melons will be gathered during the

In the Schlitz brewery cleanliness is carried to extremes. We sary to be certain of doing enough.

The caldrons in which the beer is brewed are kept scrupulously clean and covered. The air in which the beer is cooled is filtered,

The barrels in which it is stored are cleaned with steam and soda, then glazed with rosin on the inside, then cleaned again. The bottles are cleaned with utmost precaution.

Still we filter the beer, then sterilize, every bottle, for the slightest uncleanliness taints the whole product. It is in these ways that Schlitz beer has gained its reputation for purity, and made Milwaukee famous.

Judge Cochran Would Have Civen Them

Caused Runaway Near Forsyth
Resulting in Little Edith Scanlan's Death.

THE BODY BROUGHT HOME

meted to hem, in passing sentence said that he would give them the limit of Parents, Mr. and Mrs. C. M. Scanlan, Prostrated With Grief Over the Drath of Their Daughter.

to sentence them to two years in jail instead of one, he would have Edith A. Scanlan, the twelve year old given them the extra year. The prisdaughter of Mr. and Mrs. C. M. Scanoners have already spent four months lun, residing at the corner of Marrieta and Jasper met a shocking death Friday Frank Long at least has no reason afternoon while visiting in the country to complain. He has served one term near Forsyth. The sad news of the in the penitentlary and if he had gone child's death did not reach the parents in this city until about 6 o'clock and there a second time the fact that he was not a new offender would have opthe shock almost prostrated them. The particulars of the case are peculiarly erated against him in case he had sought to have his time shortened by a commu-

Edith went out 'nto the country a week ago to visit with the family of Churles Souders near Forsyth and yesterday Mrs. Souders with several of her children and little Edith started out to pick some wild gooseberries. The party went, down the road some distance from the house and as ency picked berries the house and as they picked better they became scattered along the road for a considerable distance. Edith a halt mile from the rest of the party when the rain storm came up and the when the rain storm came up and the children started back to join the rest of the party who were then returning to the house. The girls were overtaken in the road by a young man named Dunkel, a neighbor of the Souders family, and he asked the girls to get into the buggy saying that he would take them home. As the rain was then beginning to fall he got out to adjust the storm curtains and Edith climbed in. Clara Souders had placed her foot on the wheel and was just in the act of climbing into the rig when a terrific climbing into the rig when a terrific

CLAP OF THUNDER. came which frightened the horse. Dunkel was standing near the rear wheel of the buggy fastening the side curtains and when the horse became frightened and wheeled in the road he could not get hold of the lines to control the animal which started down the road at a rapid speed. The rising wind and the flapping side curtains frightening him more every jump.

Little Edith was helpless in the buggy and could do nothing but remain in the seat and hold fast which she did for some time. After the norse had run about a milesthe child evidently became frightened and either jumped or was thrown out by the motion of the buggy for she fell headlong at the side of the road where she lay limp and helpless until assistance arrived.

PICKED UP UNCONSCIOUS. She was then unconscious and was carried into the house of a neighbor and on attempt was made to revive her. She breathed perceptibly for nearly half an hour but never regained consciousness entirely and was unable to utter a word. Death came at about 3 o'clock. Her

The horse ran on for several miles

before he was caught. A telephone message was sent to the parents in this city and at the same time Coroner Charles Dawson was notified of the accident. The coroner went out to hold the inquest and the later brought the remains to this city in the ambulance.

PARENTS PROSTRATED. The scene at the home of the Scanlon family was a sad one. The first intimation the family knew of the accident night's rest and cures the patient. Try was in a meagre message over the telephone which told of the death of the little girl resulting from a runaway. The mother was almost prostrated with grief and the father although not showing his emotion so much was deeply pained. The other members of the family are Misses Myrtle. Mable, Thomas, Charles and Alfred. Their grief was touching as the little sister who had met such a shocking death was a favorite in the family and with a large circle of young

playmates. Edith was a member of the First Methodist church and also of the Junior League of the same church. She attended the Durfee school last term in the room of Miss Mend.

The funeral will be held some time Sunday, the arrangements to be announced later. THE INQUEST.

Coroner Dawson held the inquest at the residence of D. L. Parkhurst where the child had been carried on being picked up from the road. The witnesses examined were Dr. J. R. Kenton, of Forsythe, who was called to attend the child but found her beyond human aid. W. E. Henkle, of Decatur, who wit-

nessed the accident fold of meeting the 🗸 runaway horse in the road but did not see it in time to stop it. He saw a giri 🔮 in the buggy and went to her when he passing him. He found her unconscious passing him. He found her unconscious

dence. J. M. Dunkle told of overtaking the girls in the road and inviting them to ride with him in order to keep out of the rain. The horse he was driving was supposed to be gentle as an eight year old voy had been driving it for some time. The thunder scared the horse, however, and it started to run and got away before Dunkle could get hold of the lines.

The jury was composed of J. R. Kenton, C. A. Thrift, V. W. Benton, Frank Mathias, J. B. Parkhurst and D. L. Parkhurst. They returned a verdict to the effect that the girl came to her death accidentally from being thrown out of a buggy, and exouerated Dunkle from blame in the matter,

Sentence Imposed on Frank Long, Sam Middleton and Sumner Gillespie.

CONFESSED HE WAS A THIEF

Frank Dickinson Did That in an Effort to Escape Conviction in the Court Here-Ducket Orders.

For their murderous assault upon Michael Haher, Judge Cochran gave Frank Long, Sam Middleton and Sumner Gillespie the limit of the law under the verdict of the jury which was that the men were guilty of an assault with intent to do bodily harm. The law provides that the person convicted of that offense may be sentenced to one year in the county jail or fined not to exceed \$1,000 or both as the court may see fit. Judge Cochran gave them the limit of the law so far as imprisonment goes and fined them \$100 and costs. The fine might just as well have been \$1,000, for none of the defendants have any means and would not pay a fine of \$1. July 68%2% 66%
If these fellows had been given a year Sept 67 67 If these fellows had been given a year in the penitentiary they might by good behavior reduced the time to eleven months, but when they go to the county jail a year means twelve months. There had been an impression that the jury would not regard Gillespie as guilty is the other two. There was no testimony to show that he had struck Haher. It was shown however that he had used Will kill lice on horses or cattle, fleas the poker on the head of Bob Stewart on dogs or cats; kills bed bugs; kills or when he attempted to interfere and drives away ants, water bugs, beetles, save Haher. An attorney in discussing that phase of the case said: "If Gillespie was not equally guilty I don't know where he was. There were two fellows likely to has Haher and when Stewart made an attempt to assist the fallen man Gillespie fought him off. That shows that Gillespie was there willing to see nuarder if those fellows were inclined to commit it for he would permit no interference. He was as guilty as the others and none of them got more than they deserved."

CONFESSED THEF. In the circuit court Friday Frank | Dickinson, alias Henry Miller, confessed that he was a thief in an effort to save himself from conviction upon the charge for which he is indicted here. Dickinson is the man who stole a lot of brass fittings from the muchinery in the Warrensburg enuning factory. Isaac Tuggles, the manager of that plant, identified some of the stolen couplings as the ones taken from the Warrensburg factory. Among the property in the possession of Dickinson was in inspirator which had been stolen from some stationery engine. One was stolen from the Warrensburg plant but Dickinson did not have it when arrested. To save himself from a conviction here, Dickinson admitted part of his plunder was stolen at Mt. Our private lessons BY MAIL open up to oung men and women good paying positions. Of it at Pekin. For instance he said that the inspirator came from the coal shaft Pulaski, part of it at Lincoln and part the inspirator came from the coal shaft nt Lincoln. State's Attorney Redmon knew some of the things that Dickinson would tell in the hope of escaping punishment, and was ready for him. One of the men from the Lincota coal company, Obeamp, was on the stand and testified that his company never purchased such an inspirator as Dickinson said he had stolen there. Dickinson also said that on the night of April 29, when the burglary was committed at Warrensburg he was in jail at Lincoln, serving a sentence for vagrancy. Wm. Harper, who was chief of police at the time Dickinson was accessed in Lancoln, testined that the veg was discharged from custody on April 28, the day before the Five Chairs. 129 S. Water St burglary was committed at Warrensburg. Sheriff C. W. Auton of Logan county HINDS the Liveryman, 564 North was called to testify in behalf of the prisoner. The sheriff said that he was not the turnkey and sometimes he didnot see the prisoners for a week. He could not identify Dickinson as an occupant of the Logan county jail and did not know when he was received or discharged. The case was given to the jury and court adjourned until Monday. The jury was instructed to seal a verdiet and come into court Monday to hear

The other jurors were discharged for the term and there will be no more trials. Monday Judge Cochran will hear motions and dispose of such business as is pressing and will then take a recess until July 19. Just how much more work there will be this term is undecided, but it is likely that the finish is in sight. The orders on the docket Friday were

YOU CAN CURE IT.

A New Cure Por Catarrh in Table

The old time treatment for entarrh was in the form of douches or sprays; later on, internal remedies were given with greater success, but being in liquid or powdered form were inconvenient and were open to the same objection to all liquid remedies, that is, that they lose whatever medicinal power they may have had on exposure to the air.

The tablet is the ideal form in which to administer medication, but until recently no successful catarrh tablet had ever been attempted.

At this writing, however, a most excellent and palatable remedy for catarrh has been placed before the public and sold by druggists, called Stuart's Caturn Tablets, composed of the most recent discoveries in medicines for the cure of eatarrh, and results from their use have been nighly gratifying.

Staart's Catarrh Tablets contain principally highly concentrated antisoptics, which kill the entarth germs in the blood and mucous membranes, and in this respect are strictly scientific and modern, as it has been known for some years past by the ablest physicians that the most successful catarrh treatment was by inhalling or spraying antisepties.

The use of inhalers, donelies sprays, however, is a autisance and inconvenience, and moreover can us no wise compare with the same reit old's given to tablet form, either in efficient or convenience.

in Pittsburg relates has experience with Stuart's Catarch Tablets in a few words but to the point, He says: "Caturrh has been almost constantly with me for wight years; in this climate it seems inpossible to get rid of it. I awake every morning staffed up and for the first half hour it was cough, zar, expectorate and succeed before I could square myself for my day's work; no appetite, and a foul breath which annoyed me excredingly,

two months and found them not only pleasant to take but they did the business, and I can sincerely recommend them to catairly suffereds,"

Druggists sell Stienri's Catarrh Tablets at 50 cents for full sized pack ig a. They can be carried in the vest poeked and used at any time and as often as moressary. Guaranteed tree from cocaine, mercury or any numeral poison; abso-

The above was copied from an ancient obelisk near Alexandria, Egypt. No one knows its meaning. Every man ought to know the meaning of the symptoms of nervous

It's a serious matter when the strength of manhood fails; when overwork or business worries sap all energy, when memory weakens, and the very brain begins to decay.

PALMO TABLETS restore all elements necessary to

rebuild the system. They create boundless energy, firm muscles, a clear, bright brain, and perfect strangth.

steps out.

LONG DOUBLE TRACK. The Chicago Chronicie says this mornsaid will this year produce from 180,- ing: "Within a comparatively short 000,000 to 200,000,000 bushels as against time the entire laugth of the Illinois Central system between Chicago and New Orleans will be double tracked. Nearly \$1,500,000 is now being expended by the company in building a second main line and branch tracks south of the Ohio river. A line staty miles in length, from Lake Comorant to Tutwiler, Miss., is now under construction, and another stretch of twenty-five miles from Jackson to Crystaline, in the same state, is nearing completion. The road is now largely double tracked from Chicago to the Ohio river, and there is a finished second track, from East Cairo to Fulton. There is also considerable double track just north of New Orleans."

WILL REFUND MILLIONS. the engineer and firemen than the big bound, was several hours late and had ed States supreme court, declaring the war revenue tax on export stipments will taper somewhat and the boiler head pick up. Switch engine 505 made the have to refund millions of dollars to will be eight inches smaller than on the transfer and pushed the "diner" on the six inches longer than the boxes on the sey was sitting on the back platform of making up statements to be presented class G, engines. For the passenger his car, his hat off, the sleeves of his to the government. These statements or those which have the main rod conaffidavit to be made. The war revenue bill provided that a 10-cent revenue stamp must be attached to each bill of lading for shipments accepted by the railroads for export.

From July 1, 1898, until the 1 th of last May, the railroads stamped all export bills of lading as required by law. For two years, however, the railroads fought against the tax, claiming that it practically placed a tax on exports and consequently was unconstitutional. The supreme court recently handed down a decision sustaining this claim.

HAD A CONFERENCE.

General Manager Schaff and General Van Winkle of the al Superintendent Van Winkle of the Big Four System were in Mattoon Friday to meet with the general grievance committee of the system.

The grievance committee is composed ot, the members of the engineers, firemen, conductors and trainmen's lodges, as follows: Engineers, Mike Hefferman and Tom Kenny; conductors, Frank provisions at Chicago and Kansus City Thomas of Mattoon, and Chas, Harare said to have defrauded the railroads desty of Indianapolis; (rainmen, High out of large sums of money by under- Beluap and Harry Robb of Mattoon, and A. The DECATUR HERALD has had prepared and is publishing a Map of Illinois and the World. It is the product of Rand, McNally & Co., and is the acme of the map-makers' art. We have secured one thousand of the latest maps of Illinois, with population in 1900 of every city, town and village in the State, with the counties colored and railroads corrected up to date. On the reverse side of this map is the World in colors, showing ocean currents, ocean cables. steamship routes, with distance from one country to another. It also gives statistical and political review of every country in the world. The maps are 28 x 38 inches with brass rods top and bottom ready for hanging. A handsome and useful article endorsed by leading educators. Retail value, 50 cents each.
